## Orvis Bamboo - State of the Craftsman's Art

There are still some things in this world that can't be relegated to a microchip. The handcrafting of a fine cane fly rod is one. It is still done the way it should be done—unhurried, by hand, one rod at a time with perfection as the standard.

### SPRUCE CREEK

#### 3-WEIGHT, FULL-FLEX

6½-foot, 3½-oz., 2-piece rod for 3-weight line. The unique taper of the Spruce Creek combines graphite-era lightness with classic bamboo delicacy. Swelled butt design offers strength and power, small size and line weight make it ideal for spring creeks and mountain streams.

**J9710-51-62** Single Tip Rod Only

### BATTENKILL® 7/4

#### 4-WEIGHT, FULL-FLEX

7-foot, 3¼-oz., 3-piece rod for 4-weight line. System C. A classic three-piece bamboo rod that several of the fishermen on our staff feel is the finest bamboo fly rod ever made. A delight on the stream, it goes on the plane with you as well.

**J9705-57-71** Outfit: 7-foot 3-piece rod with extra tip, CFO III reel, WF4F line, 100 yards of 20-lb. backing, black aluminum rod tube, suede reel case

**J9705-52-71** Extra Tip Rod Only

**SYSTEM A:** Stabilized maple wood with cork insert and uplocking nickel silver sliding band reel seat

**SYSTEM B:** Amboina wood and uplocking nickel silver sliding band reel seat

**SYSTEM C:** Bird's-eye maple wood and uplocking nickel silver hardware reel seat

**SYSTEM D:** Curly maple wood and uplocking nickel silver sliding band reel seat

### PENN'S CREEK

#### 4-WEIGHT, FULL-FLEX

7-foot, 3½-oz., 2-piece rod for 4-weight line. Whether you're looking for your first bamboo rod, or you are an avid collector, you'll want this rod in your collection. Perhaps the most delightful bamboo trout rod created by Orvis in over a century. Fast action and a light tip combined with the strength of a swelled butt in the classic trout line weight.

#### Battenkill Version - System A:

**J9731-57-71** Outfit: 7-foot rod with extra tip, CFO III reel, WF4F line, 100 yards of 20-lb. backing, black aluminum rod tube, suede reel case

**J9731-52-71** Extra Tip Rod Only

#### Madison Version - System B:

**J9711-53-62** Outfit: 7-foot rod, Battenkill 3/4 Disc reel, WF4F line, 100 yards of 20-lb. backing, black aluminum rod tube, Cordura reel case

**J9711-51-62** Single Tip Rod Only

### FAR-AND-FINE®

#### 5-WEIGHT, FULL-FLEX

7½-foot, 2-piece rod for 5-weight line fast-action rod. Battenkill version is 4½-oz. Madison version is 3½-oz. The taper and resulting action of this rod is different than any other Orvis bamboo, with a very delicate tip action—an action reminiscent of classic bamboo rods of the golden age, with a crispness that compares favorably to our more delicate graphite models.

#### Battenkill Version - System C:

**J9776-56-71** Outfit: 7½-foot rod with extra tip, CFO III reel, WF5F line, 100 yards of 20-lb. backing, black aluminum rod tube, suede reel case

**J9776-52-71** Extra Tip Rod Only

#### Madison Version - System D:

**J9777-53-62** Outfit: 7½-foot rod, Battenkill 5/6 Disc reel, WF5F line, 100 yards of 20-lb. backing, black aluminum rod tube, Cordura reel case

**J9777-51-62** Single Tip Rod Only

### ADIRONDACK

#### 5-WEIGHT, FULL-FLEX

7½-foot, 4½-oz., 2-piece rod for 5-weight line. There may be nothing as traditional and rewarding in fly fishing as a crisp cast and a perfect presentation made from an impeccably designed bamboo fly rod. The Adirondack is easily one of the finest 5-weight bamboo fly rods ever produced, with the crisp feel and strength of a swelled butt design with the delicate tip action that casts like a classic split bamboo.

#### Battenkill Version - System A:

**J9732-57-71** Outfit: 7½-foot rod with extra tip, CFO III reel, WF5F line, 100 yards of 20-lb. backing, black aluminum rod tube, suede reel case
