

Diamondback

FOR SMALL- OR MEDIUM-SIZE trout streams, or for those that like the classic feel of bamboo, Diamondback is producing the Cane Series—2-piece, 4- and 5-weight bamboo rods (\$650). The rods have nickel-silver ferrules, nickel silver cap ring and reel seat hardware over a tiger maple barrel, light-tan wraps, and a light-varnish finish. The grips are modeled after those used on E. F. Payne rods made in the 1940s and 50s. The 4-weight is 7 feet, the 5-weight 7½ feet, and both come with an extra tip. For more information visit www.diamondbackflyrods.com or call (800) 847-6787.
