Bamboo

Thomas & Thomas Individualist bamboo rods have been the hallmark of the rod maker's art for more than four decades. They have earned world-wide acclaim and are prized by serious anglers who appreciate the investment of a lifetime. Thomas & Thomas rods have been thoughtfully chosen as gifts for royalty, heads of state, and captains of industry. Each rod receives the individual attention of Tom Dorsey, T&T's master craftsman, right down to the smallest detail. They feature a hand-rubbed, high-gloss varnish finish, hand-wrought nickel silver reel seats with burlled walnut spacers, and the finest quality Portuguese cork grips. The unparalleled quality of these rods extends to such fine details as the gently sculptured sliding band on the reel seat, and the ultra-fine jeweler's knurl at the edge of the sliding ring.

Individualist™ - Our finest bamboo fly rods are designed with a complex taper that turns from a delicate tip top to the distinctive T&T swelled butt, and comes with an extra tip. Built from the finest individually selected Tonkin cane, the flamed bamboo is complemented by medium brown and translucent guide wraps at the tip top and ferrules.

Classic Series - These bamboo fly rods are a two-piece straight butt design. Each is appointed with cinnamon colored wraps, hand-rubbed finish, and nickel silver reel seat components.
