Fight Pollution — For Better Health and Better Fishing

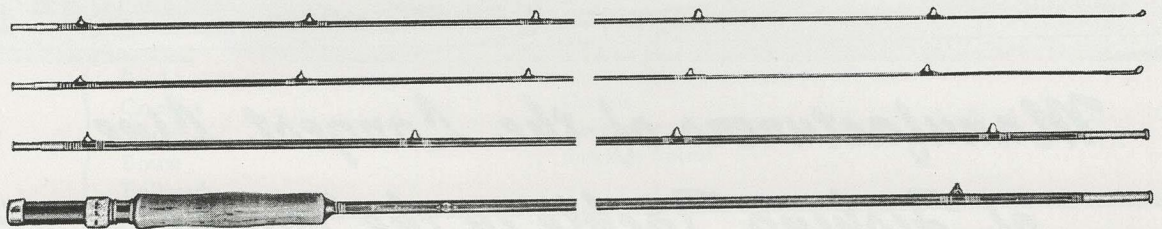

FLY RODS

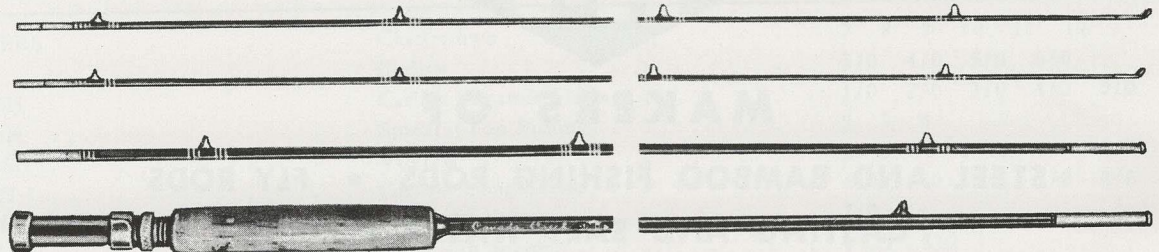

OLD HI's HITEST—A 3-piece rod with extra tip. Constructed from plastic impregnated genuine tonkin cane. Mounted with straight nickel silver ferrules, 6 tungsten snake guides on tip joint, a new two tone locking reel seat and chrome mountings. Attractively wound in gold with maroon trim. Bass action 9 ft. length; weight 5 $\frac{3}{4}$ ounces. Dry fly action 8 $\frac{1}{2}$ ft. length; weight 5 $\frac{1}{2}$ ounces. Packed in silk bag with an aluminum case. Truly a master rod for the discriminating angler. Each \$50.00

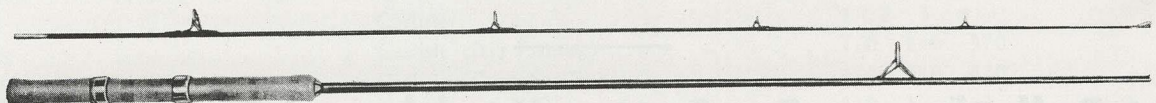

CHANCELLOR — A 3-piece rod with extra tip. Constructed from special selected stock of impregnated tonkin cane. Mounted with a new two tone locking reel seat black nickel finish and wound in yellow and black trim, 5 tungsten snake guides on top joint. Made in 8 $\frac{1}{2}$ ft. length only; weight 5 $\frac{1}{2}$ ounces. Packed in a silk bag with an aluminum case. Each \$40.00

VERNLEY — A pre-war H-I favorite. Now an all-purpose rod, constructed from impregnated tonkin cane. A 3-piece rod with extra tip, mounted with locking aluminum reel seat. Nickel silver ferrule and a stainless steel butt guide. 5 tungsten snake guides on tip joint. Red windings with a white trim provide an attractive appearance. Bass action 9 ft. length; weight 6 $\frac{1}{4}$ ounces. Dry fly action, 8 $\frac{1}{2}$ ft. length; weight 6 ounces. Packed in a cloth bag with an aluminum case. Each \$30.00

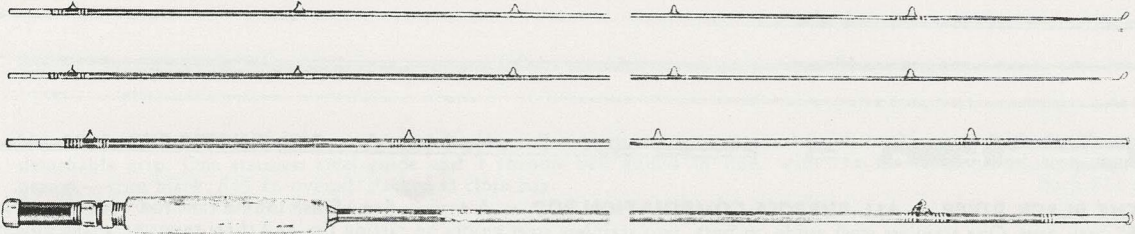

CANADA CREEK — A light 3-piece rod with extra tip, designed by fishermen from New York's famous West Canada trout country. A choice grade of tonkin cane is used in the construction of this rod. This plastic impregnated rod has a gold aluminum locking reel seat, stainless steel butt guide, 5 tungsten snake guides on tip joints and chrome fittings. Windings are brown and yellow. Made in 8 ft. length only. Weight 4 $\frac{3}{4}$ ounces. Packed in a cloth bag. Each \$25.00

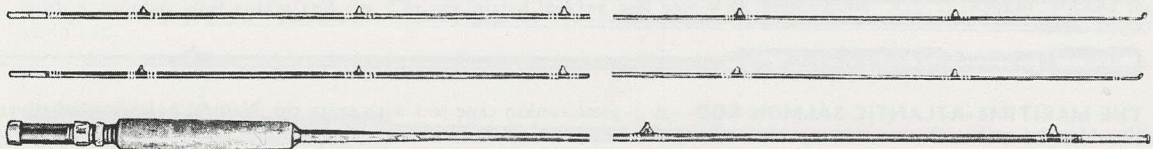

THE LUCERNE SPINNING ROD — A 2-piece, brown tone finish rod made from tonkin cane stock. Nickel-silver ferrules, with 4 triple plated hard chrome French style graduated spinning guides on tip and one large guide on butt, 12 inch specie cork grip with 2 beaded chrome reel bands. Wound in gold trim brown. Length 7 ft. Put up in cloth bag and fibre rod case. Weight 4 $\frac{3}{8}$ ounces. Each \$18.00

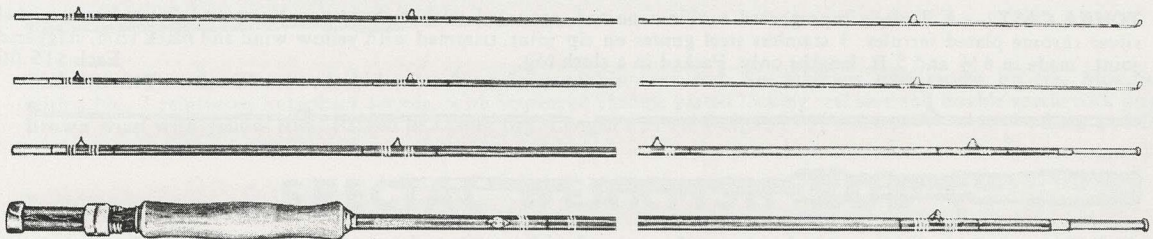

FLY RODS

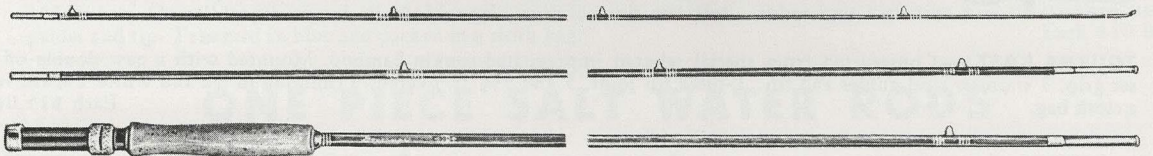

CASCADE — A 3-piece light fly rod with an extra tip, made from impregnated tonkin stock. Mounted with a locking reel seat, 5 tungsten snake guides on tip joints, green and black wind, and packed in a cloth bag. Made in two lengths 8½ ft.; weight 5¼ ounces. 9 ft., weight 5¾ ounces. Each \$20.00

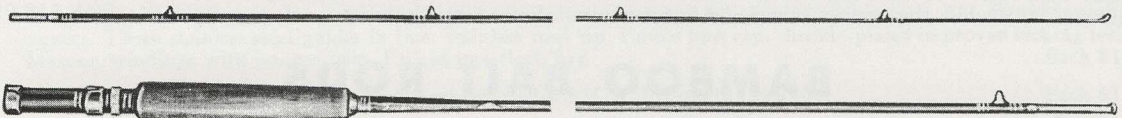

TONKAQUEEN — For the sportsman who knows and appreciates good tackle, we offer the feather-light "Tonkaqueen." Made from a special selection of light-weight browntone tonkin stock, this 2-piece rod is fitted with chrome mountings and a green tenite locking reel seat. 6 tungsten snake guides on tip joints. This rod is attractively wound in gold and brown. In one length only, 7¾ ft.; weight 4¾ ounces. Packed in a cloth bag. A 2-piece rod with an extra tip. Each \$15.00

SPINNER — A 3-piece rod, with extra tip, constructed from Hexi-super cane tonkin stock. This is a heavy duty, all-purpose rod, with a tenite locking reel seat, 4 tungsten snake guides on tip joints, and nickel-plated shouldered ferrules. Windings in purple and yellow. Made in two lengths, 9 ft.; weight 6 ounces; 8½ ft., weight 5¾ ounces. Packed in a cloth bag. Each \$15.00

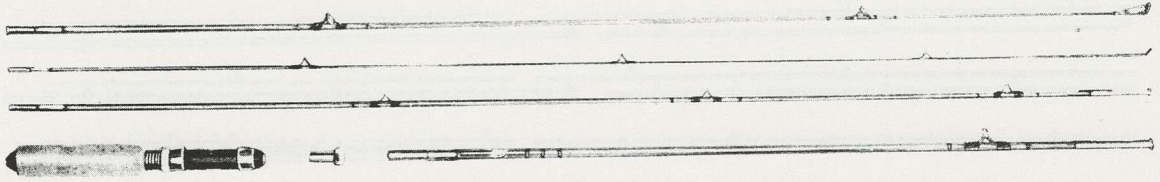

GOVERNOR — This old favorite, now a 3-piece rod with two tips only, and is constructed from flame finish tonkin cane, with nickel ferrules, and a locking reel seat. 4 tungsten snake guides on tip joints. Windings in red. Made in 9 ft. length only; weight 5¾ ounces. Packed in a cloth bag. Each \$12.00

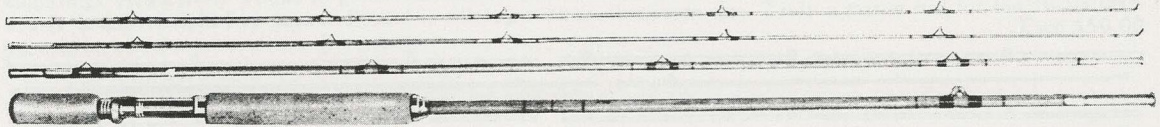

TONKA PRINCE — A special type rod for an angler who fishes in smaller streams and wishes to cast over the white water and on brush-bordered pools. This rod replaces the Princess rod and is constructed from a special selection of flame finish tonkin cane. A 2-piece rod with one tip only, 5 tungsten snake guides on tip joint, fitted with a locking reel seat, nickel plated ferrules and a 6" cork grip. Wound in blue and packed in a cloth bag. Made in 7 ft. length only weight 4¼ ounces. Each \$11.00

BEAVERKILL — A 3-piece rod, with one tip only, constructed from natural finish tonkin cane. Mounted with nickel ferrules and locking reel seat. 3 tungsten snake guides on tip joint. Wound in red only. Length 8½ ft. Weight 5¼ ounces. Packed in cloth bag. Each \$9.00

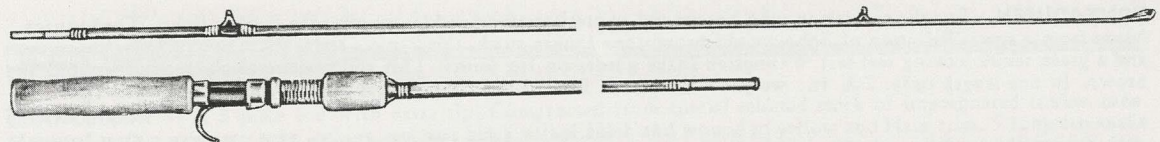

BAMBOO CASTING RODS

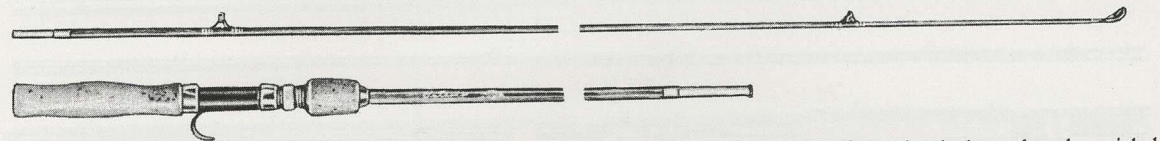

THE BLACK RIVER — ALL PURPOSE COMBINATION ROD — A 4-piece flame finish tonkin cane rod with reversible 6" cork grip. One stainless steel guide on butt, two stainless steel guides on casting tip, and three tungsten snake guides on fly tip. Wound brown with green trim. The following combinations can be made from this rod: two fly rods, 8½ ft. and 6½ ft., one bait rod 8½ ft., one light casting rod 6½ ft., two casting or trolling rods 5½ ft. and 3 ft. Put up in cloth bag. Each \$15.00

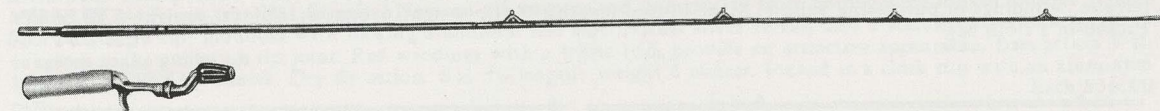

THE MARITIME-ATLANTIC SALMON ROD—A 3-piece tonkin cane rod with extra tip. Natural finish, nickel-silver shouldered ferrules. One stainless steel guide on butt, five tungsten snake guides on tip. Chrome plated locking reel seat. Wound orange trim green. Put up in cloth bag. Length 9½ ft. Weight 9½ ounces. Each \$15.00

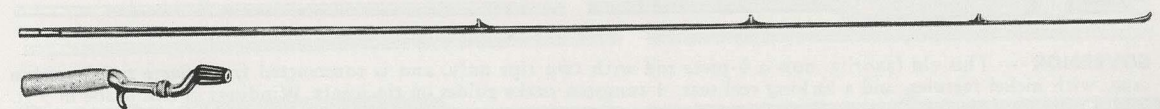

TONKA CAST — A 2-piece impregnated tonkin cane rod, mounted with a chrome reel seat and finger hook, nickel silver chrome plated ferrules, 3 stainless steel guides on tip joint, trimmed with yellow wind and black trim, staggered joint; made in 4½ and 5 ft. lengths only. Packed in a cloth bag. Each \$15.00

ONTARIO—A flame finish tonkin bamboo rod, mounted with a tenite reel seat with finger hook, brass ferrules, nickel plated, 3 agatine guides on 5 ft., 2 agatine guides on 4½ ft., and agatine tip; orange windings, staggered joint. Made in 4½ and 5 ft. lengths only. Packed in a cloth bag. Each \$9.00

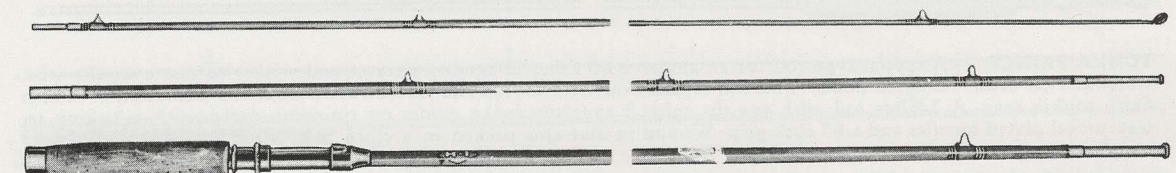

TOURNA KAST — Constructed from special selected impregnated tonkin bamboo. Mounted with a new double-off-set grip, 3 stainless steel guides and tip; 1-piece tip joint, 5 and 5½ ft. overall. Trimming in red and white. Packed in a cloth bag. Each \$15.00

CAST MASTER — A flame finish tonkin rod, with an off-set aluminum grip. 3 agatine guides and tip. Blue windings trimmed with white, 1-piece tip joint 5 and 5½ ft. overall. Packed in a cloth bag. Each \$10.00

BAMBOO BAIT RODS

PRESIDENT BAIT ROD — A sturdy 3-piece bamboo rod for the bait fisherman. Constructed from natural finish tonkin cane. Mounted with tenite reel seat, 4 snake guides on top, 3 snake guides on second joint, cork grip and decorated with green wind. A 3-piece rod with no extra tip. Made in 9½ ft. length only. Packed in cambric bag. Weight 9 ounces. Each \$11.00

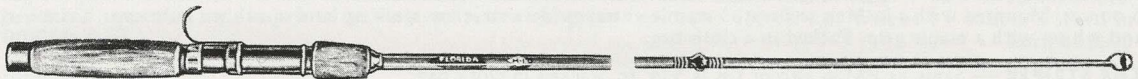

CASTING AND SALT WATER RODS

No. 1002, THE POPPING ROD — A solid 1-piece rod constructed from natural finish tonkin cane with double non-detachable grip. One stainless steel guide and 3 chrome bell guides in line, with chrome locking reel seat, wound orange—trim black. 6½ ft. overall. Packed in cloth bag. Each \$16.00

TEXAS GULF — Constructed from impregnated tonkin bamboo, varnished stock. A solid, 1-piece non-detachable grip, with 4 stainless steel guides and tip. Chrome plated locking reel seat with finger hook. 5½ ft. overall. Packed in a cloth bag. Each \$12.00

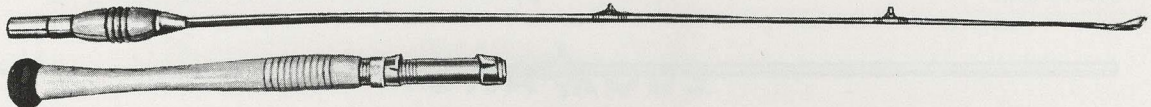

FLORIDA ARROW — Made from natural split bamboo, varnished stock. Mounted with a double non-detachable grip, agatine guide and tip, with a tenite reel seat and finger hook. Trimmed with red windings. 3½ ft. length only. Packed in a cloth bag. Each \$6.00

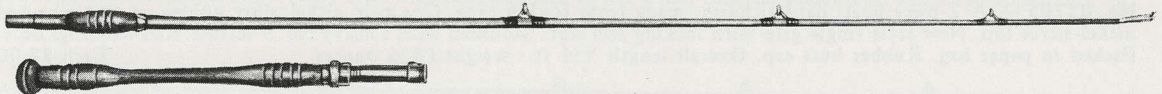

THE SKAGIT — Steel head rod. A 2-piece flame finish tonkin cane rod. Six stainless steel guides on tip. Mounted with a No. 7 reinforced humpback ferrule, with improved chrome plated locking reel seat and double specie cork grip. Brown wind with yellow trim. Packed in a cloth bag. Length 8½ ft. Weight 15⅝ ounces. Each \$18.00

SPECIAL WEAKFISH ROD

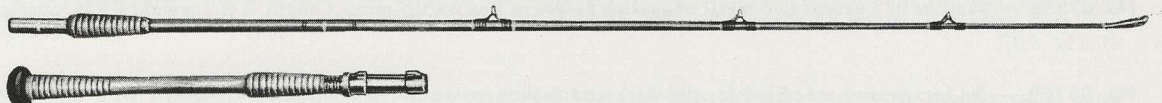

No. 059SW — A special rod for the New York-Jersey weakfish angler. Made from Hexi-cane with 39" tip, weighing 3¾ ounces. Overall length of rod, 4' 8". Mounted with locking reel seat, rubber butt cap, one pair of stainless steel guides and tip. Trimmed in blue and packed in a cloth bag. Each \$10.00

ONE PIECE SALT WATER RODS

No. 091 — A high-grade boat rod constructed from plastic impregnated genuine tonkin cane. 4½ ft. tip, weighing 9 ounces. Three stainless steel guides in line, stainless steel tip, rubber butt cap, chrome-plated improved locking reel seat. Maroon windings with pongee trim. Packed in a cloth bag. Each \$16.50

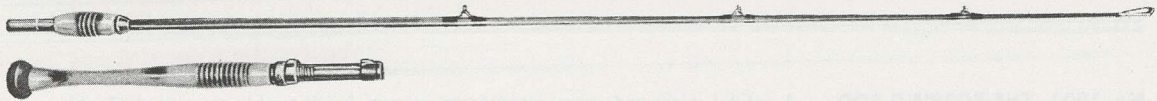

No. 092 — Same as the 091 except length of tip is 5½ ft. Packed in cloth bag. Each \$17.00

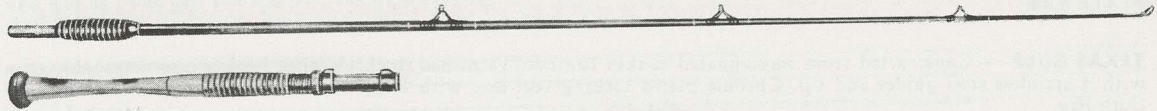

No. 278DS, SARASOTA — An attractive flame finish tonkin bamboo rod, 4½ ft. tip, weighing 9 ounces. Locking reel seat, 3 stainless steel guides in line, and tip. Green wind with white trim. Rubber butt cap. Packed in a cloth bag. Each \$12.00

No. 279DS — Same as the 278DS except length of tip is 5½ ft. Packed in cloth bag. Each \$13.00

SALT WATER RODS

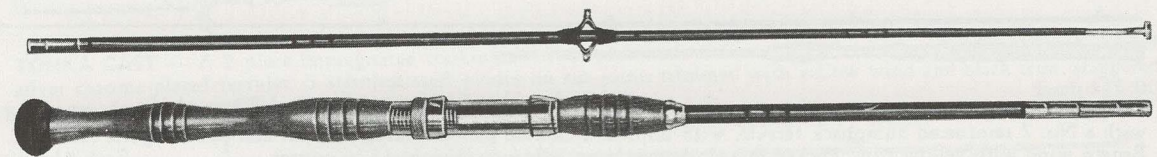

No. 084, GULF SPECIAL — An old H-I favorite with a new name. Plastic impregnated tonkin bamboo rod with $4\frac{1}{2}$ ft. tip, weighing 6 ounces. Mounted with an improved locking reel seat, trimmed with black and red windings. This rod has a rubber butt cap, 3 stainless steel guides in line, stainless steel tip. Packed in a cloth bag. Each \$15.00

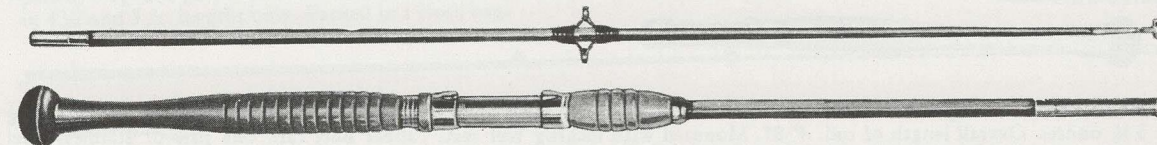

No. PMSS, PECONIC — A pre-war leader in the H-I salt water line. Flame finish tonkin rod, $5\frac{1}{2}$ ft. overall, tip weight 6 ounces. Mounted with a locking reel seat, 3 stainless steel guides, stainless steel tip and a rubber butt cap. Trim red and white, with a maple grip. Packed in a cloth bag. Each \$12.00

THE STRIPER — Same as PMSS except tip is $5\frac{1}{2}$ ft. Packed in cloth bag. Each \$13.00

SALT WATER BOAT RODS

No. 02710SS — A 2-piece salt water boat rod constructed from plastic impregnated tonkin cane. This rod has a shaped double grip and is mounted with a No. 8 reinforced humpback ferrule, one pair of stainless steel guides on tip joint and a stainless steel tip, decorated with maroon and red windings and a rubber butt cap. Packed in a cloth bag. Overall length, $5\frac{1}{2}$ ft.; weight $18\frac{3}{4}$ ounces. Each \$15.00

No. 02706 — A flame finish, 2-piece boat rod, made from tonkin cane. This rod is mounted with one pair of stainless steel guides on tip joint and a stainless steel tip. A plain scored upper and lower grip with a locking reel seat. Has an extra heavy No. 9 ferrule and blue windings with an orange trim. Packed in a cambric bag. Overall length $5\frac{1}{2}$ ft.; weight $17\frac{5}{8}$ ounces. Each \$10.00

No. 02705 — A 2-piece boat, natural finish, made from tonkin cane. One pair nickel alloy guides on tip joint and nickel-silver top. New style single grip with locking reel seat. Mounted with a heavy No. 9 ferrule. Red windings only. Packed in paper bag. Rubber butt cap. Overall length $5\frac{1}{2}$ ft.; weight $18\frac{7}{8}$ ounces. Each \$8.00

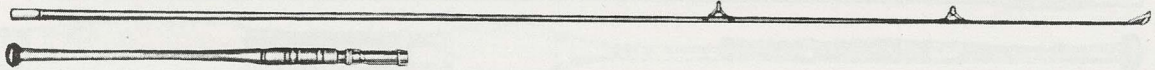

No. 073 — A new 2-piece salt water boat rod, made from natural tonkin cane. This rod is mounted with an extra heavy No. 7 ferrule, locking reel seat, plain scored double grip. One pair of steel or agatine guides on tip joint and No. 14 tip. Wound at the guides only in red and green. Rubber butt cap. Packed in paper bag. Length overall $5\frac{1}{2}$ ft.; weight $14\frac{3}{4}$ ounces. Each \$9.00

No. 073 1/2 — Same as 073 except two metal or agatine guides in line on tip joint. Length 7 ft.; weight $16\frac{3}{4}$ ounces. Each \$10.00

No. 05769 — An inexpensive wood rod for the week-end fisherman, made from imitation Greenhart with improved 1" reel seat and a pair of metal guides on tip and metal tip top. Weight $13\frac{3}{4}$ ounces. Packed in a paper bag. Each \$4.50

No. X08706 — A 2-piece medium weight imitation Greenhart Genuine Lancewood Rod. 1 pair metal guides on tip and metal tip top. Screw lock reel seat. Length $5\frac{1}{2}$ ft.; weight $12\frac{1}{4}$ oz. Packed in paper bag. Each \$7.00

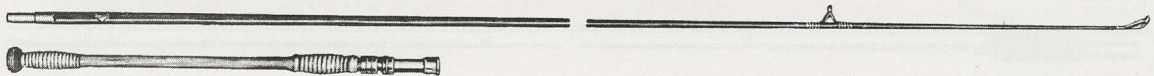

SURF RODS

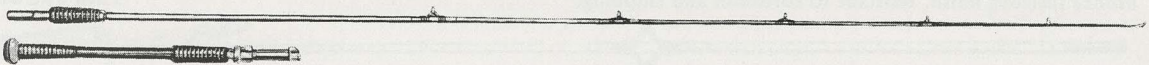

No. 118, SURF KING — The Surf King, a leader in the surf rod field. Constructed from impregnated tonkin bamboo, with a single grip and locking reel seat. Mounted with 2 stainless steel guides in line and tip, and a mushroom metal butt cap. Trimmed with gold and pongee. Packed in a canvas bag. 6½ ft. tip; weight 12¼ ounces; 7 ft. tip; weight 14 ounces. Each \$25.00

No. 98, WEST POINT — A high-grade surf rod, constructed from flame finish tonkin cane. 1 pair of stainless steel guides and reversible top. Improved locking reel seat with spring type butt. 6½ ft. tip. Weight 13 ounces. Packed in cloth bag. Each \$17.00

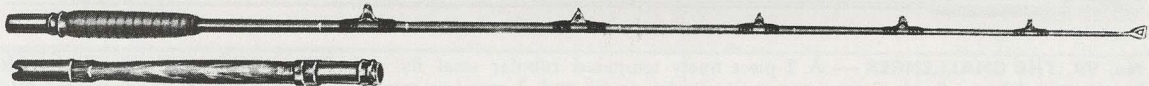

No. 97, NORTH POINT — A medium-priced high-grade surf rod, constructed from flame finish tonkin stock. Mounted with a scored spring type butt with locking reel seat. Stainless steel guide and tip and trimmed with 2 color windings, black and orange, at guides and ferrules. 6½ ft. tip; weight 12⅝ ounces. Packed in a cloth bag. Each \$16.00

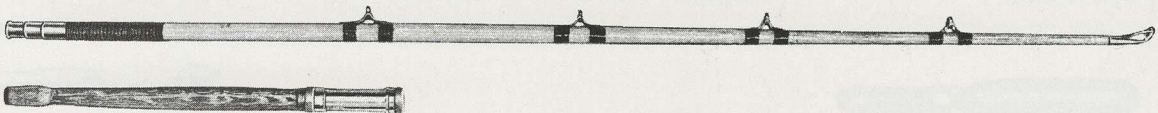

No. 300, CORONADO DELUXE — A new live bait type surf rod, constructed from selected flame finish tonkin cane. Mounted with 5 stainless steel guides and a stainless steel tip. This rod has a walnut butt and foregrip and locking reel seat. 6½ ft. tip; weight 9¾ ounces. Packed in a cloth bag. Each \$17.00

TUNA RODS

TUNA BAY — This rod is constructed from a double-built flame finish impregnated genuine tonkin cane. Mounted with a marbled lower grip, brown felt wound upper grip and Gimble butt cap and double locking chrome reel seat. It has 5 stainless steel guides and a roller top; with red and black nylon wind, this rod presents an attractive appearance. 5 ft. tip; weight 16 ounces. Packed in a cloth bag. Each \$50.00

No. X37 — Key Special Hickory Tuna Tarpon Rod. Built from straight grain hickory. A very strong rod for heavy deep sea fishing. 4 stainless steel guides on tip joint and stainless steel top. Mounted with locking reel seat, marbled lower grip and cord wound upper grip. Special spar varnish finish. 5 ft. tip; weight 19 ounces. Packed in cloth bag. Each \$22.00

No. X570 — A 1-piece, detachable grip salt water rod, constructed from genuine lancewood, straight grain, extra strong. 2 nickel alloy guides on tip joint and nickel alloy tip. Mounted with 1" reel seat and scored type grip. Length of tip 6 ft.; weight 12 ounces. Packed in cloth bag. Each \$11.00

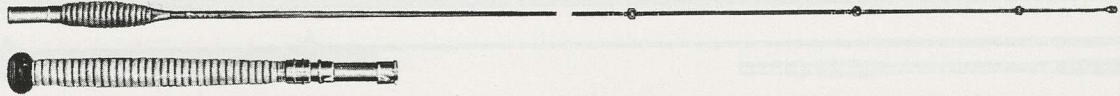

No. X470 — A 1-piece non-detachable grip, salt water rod. Constructed from straight grain iron wood. 2-bell guides on tip joint and extra heavy salt water top. Mounted with double grip and skeleton reel seat. Length 6 ft.; weight 13¾ ounces. Packed in paper bag. Each \$8.00

STEEL SALT WATER RODS

BONITO SUPER-TEMPER — A heavy duty salt water rod constructed from a superior grade of seamless tubular steel. Made in 3 weights, light, medium, and heavy. Rod is mounted with wound on stainless steel guides (3) and a heavy duty stainless steel tip. Tip is finished with a hardened bronze lustrous finish, resistant to corrosion and chipping. Detachable 19" butt, rubber butt cap. Length of light tip, 48"; medium tip, 51"; length of heavy tip, 54".

Each \$15.00

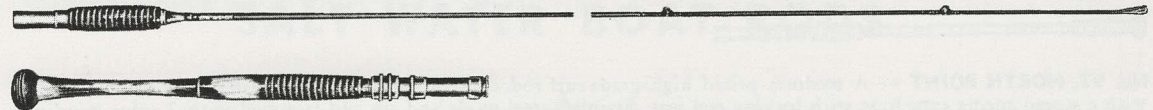

No. 1900, THE SALMON TROLLER — Solid steel salt water or fresh water trolling rod. Made with a double detachable corrugated wood grip, 3 wound-on stainless steel guides and tip. Tip is finished with a hardened bronze lustrous finish, resistant to corrosion and chipping. 5 ft. length only.

Each \$12.00

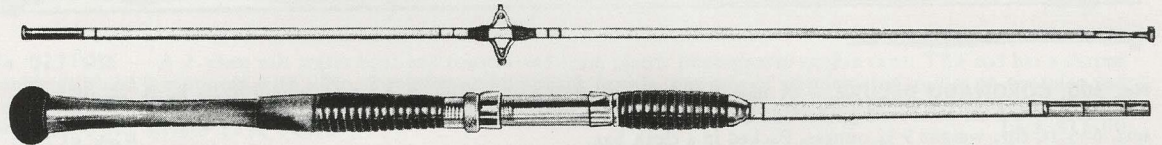

No. 1900 $\frac{3}{4}$, THE SALMON TROLLER — Same as No. 1900, except 4 stainless steel guides in line. Length 5 $\frac{3}{4}$ ft. Packed in cloth bag.

Each \$14.00

No. 750, TOP WATER ROD — This rod is constructed from a superior grade of seamless tubular steel, and is designed for the New York-New Jersey weakfish angler. It has a 45" tip joint, with a 19" wood corrugated butt and a locking reel seat. Mountings are stainless steel with two wound-on stainless steel guides and tip. Tip is finished with a hardened bronze lustrous finish, resistant to corrosion and chipping.

Each \$12.00

No. 88, THE DELAWARE BAY — A 2-piece heavy duty salt water rod. Constructed from seamless tubular steel. White enamel baked finish. One pair of stainless guides on tip joint and stainless steel top. Mounted with reinforced hump-back ferrule, and locking reel seat. Green wind with black trim. Length 5 $\frac{1}{2}$ ft.

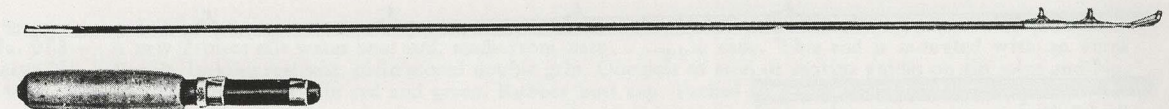

Each \$18.00

No. 99, THE CHALLENGER — A 2-piece finely tempered tubular steel fly rod. Stepped down construction with bronze metal lustre finish. 3 tungsten snake guides on tip and 2 stainless steel guides on butt. Mounted with tenite locking reel seat. Wound green with black trim. Length 8ft. Packed in cloth bag.

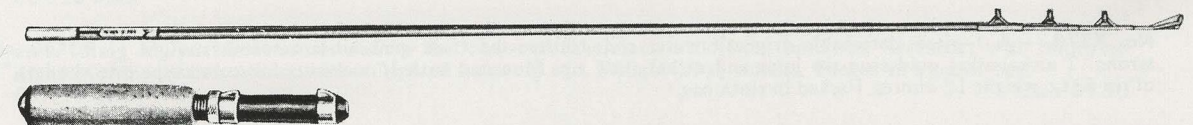

Each \$16.00

STEEL TELESCOPE RODS

No. 3308, THE MOHAWK — A 3-joint light weight steel telescope rod, with a maroon enamel finish. Reversible cork handle with plastic locking reel seat and steel guides and tip top. A new 1949 feature in this rod will be the processing of the inner telescoping sections to prevent corrosion. Length 7 ft., collapsed length, 31".

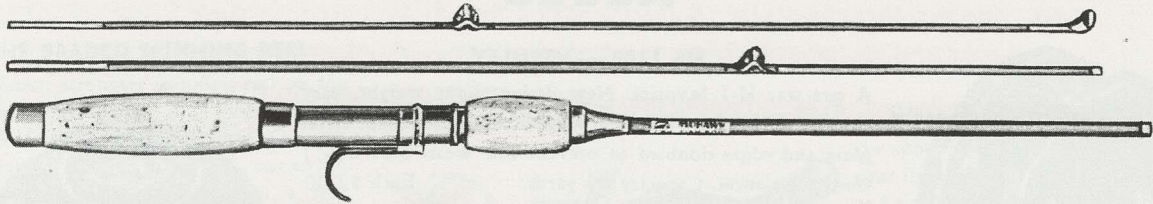

Each \$4.75

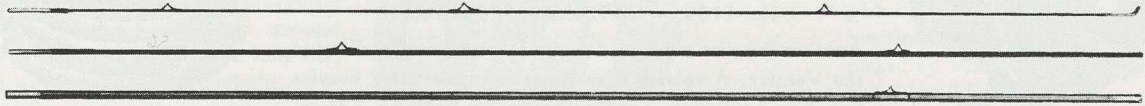

No. 3309, THE MOHAWK — A 4-section steel telescope rod with gun metal blue finish, reversible cork handle with plastic locking reel seat, guides and tip. Length extended 8 $\frac{1}{2}$ ft. Collapsed length, 32". A new 1949 feature of this rod will be the processing of the inner telescoping sections to prevent corrosion.

Each \$6.00

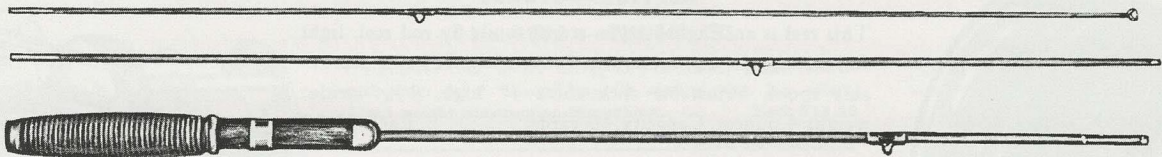

STEEL RODS

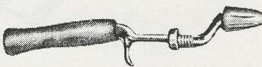

No. 897DAA, MOHAWK CASTING ROD — A tubular steel casting rod with double cork grip and finger hook. Mounted with agatine guides and tip. Length: 4, 4½ and 5 ft. Each \$5.00

No. 712R, THE MOHAWK — A 3-piece tubular steel rod. Green enamel finish. Mounted with 3 snake guides on tip section and reversible detachable grip and locking reel seat. Length 8½ ft. Packed in cloth bag. Each \$5.00

No. 711, STEEL BAIT ROD — A tubular steel bait rod, 3-piece, with a wooden grip and reel seat. Mounted with metal reel band and wire guides. Length: 6, 7 and 8 ft. Each \$2.50

No. 2AADG, THE MOHAWK — A solid steel rod finished in baked green enamel. Mounted with agatine guides and tip. This rod has an offset cork grip with tenite upper grip and locking reel seat. Made in 4½ ft. and 5 ft. lengths. Each \$5.00

No. 4SSDG, THE BULLSEYE — Solid steel rod with 1-piece blue metalustre finish. Mounted with steel guides and tip. This rod has an aluminum offset cork grip with tenite upper grip and locking reel seat. Made in 4, 4½ and 5 ft. lengths. Each \$6.00

No. 6SSDG, THE RAINBOW — A solid-steel rod with an octagon 1-piece tip, mounted with stainless steel guides belmar style, chrome plated, and tip. Tip finished in hardened browntone Metalustre finish, resistant to corrosion and chipping. Tip joint trimmed with tapered plastic butt. This rod has a double-offset aluminum grip with cork lower grip, plastic upper grip and locking reel seat. Made in 4, 4½ and 5 ft. lengths. Each \$10.00

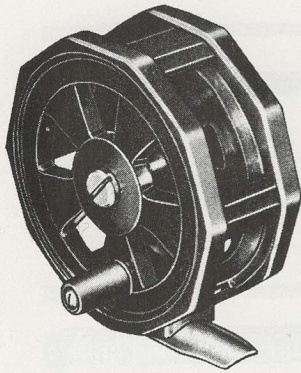

No. 9SSDG, THE OZARK — This rod is designed for the angler who demands the maximum in "action" in a 1-piece tubular casting rod. Tip is 1-piece tubular stepdown type, best for all-around bait casting. This 2¼ -ounce feather-weight shaft of special alloy tubing is attractively finished in baked white enamel finish, resistant to corrosion and chipping. Tip is mounted with genuine carboloy guides, belmar style, black finish, wound with brown silk. The grip is a double-offset anodized cork grip with a coppertone upper grip and locking reel seat. This rod is made in 5 ft. and 5½ ft. lengths. Each \$15.00

No. 8SSDG, THE FEATHERLIGHT — A seamless tubular steel casting rod. Tip mounted with metal guides and tip top. Cork grip, offset with locking reel seat. 5 ft. length. Each \$8.00

REELS

No. 1103

No. 1103 — VERNLEY

A pre-war H-I favorite. New design, light weight, easy running. Made from Bakelite, with an adjustable click, metal gears and edges doubled to prevent line wear. Size 2 7/8"; weight 3 ounces. Capacity 60 yards. Each \$2.00

No. 1104 — NATIONAL SPORTSMAN

Another Bakelite reel with the same construction qualities as the Vernley. A splendid reel for the angler using heavier line. Size 3 3/8" high, 1 1/4" wide; weight 4 ounces. Adjustable click. 80 yards. Each \$3.00

No. 6

No. 1105 — STURDY

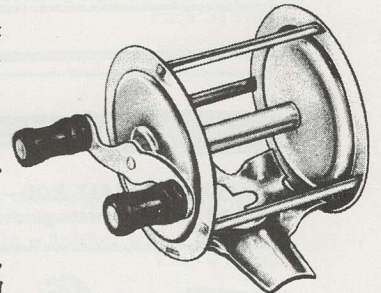

This reel is an English-style, sturdy-built fly rod reel, light and strong, die-cast from aluminum alloy. It has a removable spool, adjustable click. Size 3" high, 1 1/8" wide; weight 4 ounces. Capacity 40 yards. Each \$3.00

No. 1104

No. 1106 — THE MOHAWK

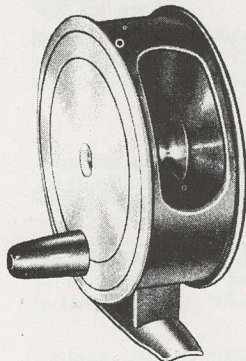

A single action aluminum reel made from special alloy, treated to withstand the elements. Hardened steel gears and ratchet springs. Capacity 60 yards. Each \$3.50

No. 11

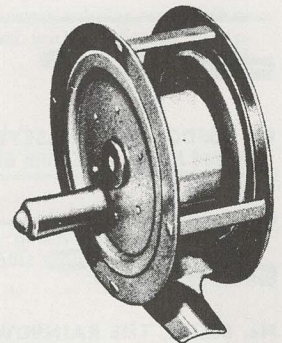

UTICA AUTOMATIC REEL

The Utica Automatic Reel is in a class all of its own. Through its light construction, larger capacity and heavy-duty wearing quality; free stripping; capacity 50 yards of F fly line or 30 yards of GDG double-tapered line. Winding capacity 25 yards. Weight 6 1/4 ounces. The reel with the lightest weight and the greatest capacity of any automatic reels made.

No. 1105

- No. 5 . Aluminum finish Each \$7.00
- No. 6 . Green anodize finish Each \$8.00

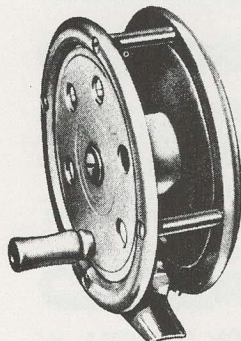

No. 23N

- No. 11 . 2" disc Dowell balance handle, adjustable click, one in a box, bright finish. Each \$.80

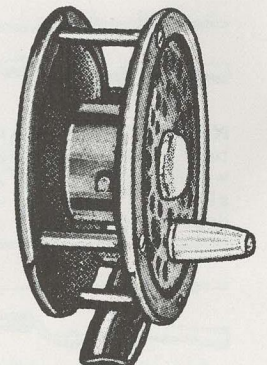

- No. 23N . 40 yard spool, 2", 7/8" wide, with adjustable click, gun metal finish. Each \$1.10

No. 100

A new single action reel for the angler who desires a larger line capacity. Made from aluminum with a lacquer finish this reel has an attractive appearance. Reversible steel hardened click and hard brass spool staff assures double wear. Frame and spool are non-corroding aluminum alloy. Capacity 100 yards; weight 5 ounces. Each \$5.50

No. 1106

No. 100

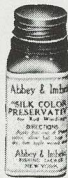

ROD WINDING THREAD

High strength thread in beautiful bright colors for winding guides to rods. We recommend nylon because of its great strength and durability.

- No. 166
No. 266 Winding Thread—Fine quality cotton thread 50 yards on a spool in assorted colors only—Each \$.05
- No. 166 Winding Nylon—Very fine and beautiful nylon thread available in all standard colors. 50 yards on spool—Each \$.10
- No. 176A Winding Nylon — Fancy hinged lid box contains 3 dozen 50 yard spools assorted colors. A fine dealer item. Each Spool \$.10
- No. 167 Varigated Winding Nylon — Very fancy thread available in black and white, green and white, and red and black. 50 yards on spool, 1 dozen in box—Each \$.20

SILK COLOR PRESERVATIVE

Nothing dresses up a rod more than bright colors in the silk windings. Most varnishes destroy the lustre and life of the silk windings. Abbey and Imbrie winding silk preservative sets the color to hold. Put up in 2-oz. bottles packed 12 in display box.

No. 1 Color Preservative—Each \$3.00

HIGHEST GRADE VARNISH

A good coat of varnish is necessary to protect bamboo rods. When the varnish chips and wears off, the guides work loose, and moisture destroys the life of the bamboo. This fine varnish will give excellent satisfaction. 2 oz. bottles—Each \$3.00

FERRULE CEMENTS

Clarke's Famous Ferrule Cement

No. 16—Per stick \$.15

Ambroid Cement

Sticks anything to anything. 1 1/2 oz. in a tube.

No. A-1 1/2 Ambroid—Each \$4.00

Shur-Hold Ferrule Cement

A brand new plastic liquid cement. Extensive laboratory tests have shown this cement will hold longer than any other cement on the market. Sold in 2 oz. bottles, 1 dozen in a box.

No. 260 Ferrule Cement—Each \$3.00
