NORTHERN PRINTING AND PUBLISHING COMPANY, AKENSIDE HILL.

FISHING RODS.

My Stock of Fishing Rods comprise anything from a Boy's Rod, at 6d. each, to the very finest and most highly-finished Trout or Salmon Rod that can be produced, and include Ash or Hickory Bottom Rods, Bamboo General Rods, Special Roach Rods, Hickory Trolling Rods, East India Cane Spinning Rods, Pike Rods, Sea Fishing Rods, and our well-known Split-Cane Built Trout and Salmon Rods.

Every care is taken to secure the very best of timber for the manufacture of these rods, and to see that it is well seasoned. Experienced workmen only, accustomed to first-class work, being employed in this important branch of our trade.

OUR "SPECIAL" TROUT FLY RODS. THE "TYNESIDE."

All the "Bickerdyke" Specialties in Rods and Tackle kept in Stock.

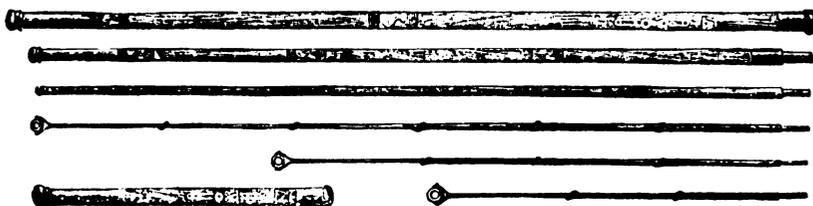

THE "BICKERDYKE" FLY ROD

Was designed specially for "John Bickerdyke," and has been very highly spoken of by many of the most celebrated fly fishermen living. Wm. Senior, Esq. ("Red Spinner"), Angling Editor of *The Field* writes:—"I used no other rod all last season, and I hope to use nothing else this season. I have no better, don't want a better, and cannot conceive there is one." It is made either with a split cane or greenheart, is 12 feet long, in three pieces, with two tops, &c., and is of the best possible workmanship and finish, metal-lined ferrules, patent winch fittings, suction joints, snake rings, "Bickerdyke" end rings, and pigskin covered handle; is supplied with a short extra butt, which is made for attachment to the middle piece, converting it into an exceedingly light and in every way first class nine-and-a-half feet trout rod. In its 12 feet form this rod is "very powerful," well up to killing a grilse or salmon of 12 lbs. weight, while as a nine-and-a-half feet it is either good for dry fly fishing or that of mountain and moorland streams.

757

Price, in split cane, £6 10s.; greenheart, £2 2s.

THE "BICKERDYKE" ALL-ROUND ANGLER'S ROD

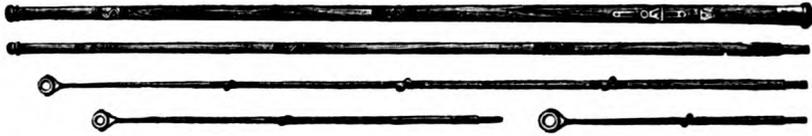

Is a very high-class Rod, designed for all kinds of pike, chub, roach, and other coarse fishing. It is made of East India cane, has three greenheart tops, and a stout extra butt, finished in the very best style, with patent universal "Wedgest," winch fitting, phosphor-bronze snake, and Bickerdyke rings.

758

Price £2 2 0

In ordering from this List please quote marginal number of articles required.

THE "BICKERDYKE" PIKE ROD.

Finished in similar style to above; acknowledged by the highest authorities to be the best Pike Rod in the market.

759 Price £1 10 0

91	4 in.	0	17	6
92	4½ in.	1	1	0
93	5 in.	1	5	0

BEST BRASS REVOLVING PLATE REELS,

With check. A durable and well-made reel—

770	2 in.	0	3	6
771	2¼ in.	0	4	0
772	2½ in.	0	4	6
773	3 in.	0	6	6
774	3½ in.	0	8	6
775	4 in.	0	10	6

MOORE'S NEW MULTIPLYING TROUT REEL.

A very superior revolving plate multiplying reel, a decided improvement; enabling the angler to reel in his line rapidly when the fish makes towards him, and are highly spoken of by such authorities as Messrs. W. Senior, R. B. Marston, and T. E. Pritt.

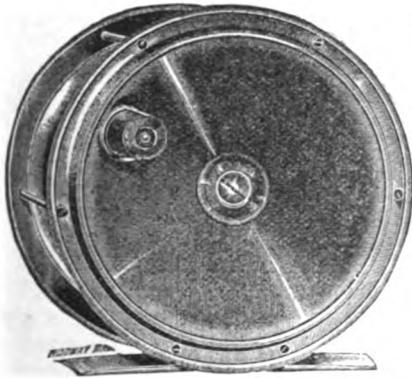

776	Price	£1	1	0
-----	-------	-----	-----	----	---	---

THE MOSCROP REEL.

			Without adjustable drag.		With adjustable drag.		Weight about.
777	2⅝ in.	...	0 14 0	...	0 16 6	...	5 oz.
778	3 in.	...	0 16 0	...	0 18 6	...	7 oz.
779	3½ in.	1 1 6	...	10 oz.
780	4 in.	1 5 0	...	15 oz.
781	4½ in.	1 10 0	...	22 oz.

ADVANTAGES OF THE MOSCROP REEL.—Framework without screws; being in one casting, can be taken to pieces and put together again in 10 seconds by the fingers alone; only one plate on handle side instead of three; holds line to full diameter (nearly); a 3 in. reel holds as much as an ordinary 3½ in.

NEWCASTLE AND SUNDERLAND.

SUPERIOR MADE GUN METAL AND EBONITE SALMON AND TROUT REELS.

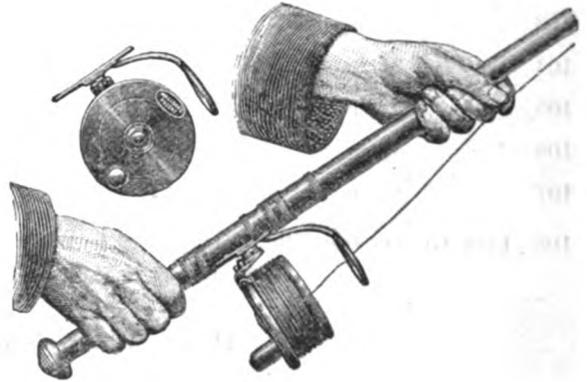

781	782	784	784	785
2½ in.	3 in.	3½ in.	4 in.	4½ in.
24/6	27/6	31/6	35/-	38/6

All the bars and screws are fixed in the gun-metal rim, thus giving all the strength of a brass reel, and reducing the weight one-half.

PATENT CASTING REEL.

Nos.		£	s.	d.
786-787—				
3½ in.	1	1	0
4 in.	1	8	0

This reel possesses many advantages when casting from the reel in spinning for pike or salmon.

966	KING'S FISH PRESERVATIVE6d. and 1/-
967	LINE DRIER, collapsing, made of light wire. Can be attached to the Rod or to a Table, and the wet line wound off the reel to dry 2/6 each

REPAIRS.

Rods, Reels, Landing Nets, &c., thoroughly repaired and renovated on the shortest notice.

Salmon and Trout Rod Tops, and Tops for Bottom Fishing Rods, always in stock for urgent requirements.

In making up new Tops, we must request our customers to allow a reasonable time, to ensure a proper adjustment and balance of Rod.

Anglers would greatly oblige by sending in their repairs (when practicable) at the end of the season, that they may be thoroughly overhauled and attended to in readiness for the opening season.

All kinds of repairing done to Rubber Boots, Wading Stockings, and Trousers, re-footing, &c., repairs to Waterproof Fishing Jackets and Waterproof Garments of every description.

Brogues resoled or repaired, new nails put in, &c., and repairs of every kind required in the Outfit of the Angler.

FISHING ROD TIMBER.

Greenheart, Washaba, Lancewood, Hickory, &c., all selected and thoroughly seasoned, cut into squares suitable size for tops, middles, and butts, in lengths from 3ft. 6in. to 6ft. 6in. No waste.

In ordering from this List please quote marginal number of articles required.
